

Mixing Temadur 20 – 5:1 mix ratio

- Find the 5:1 side on the mixing cup
- Fill to “A” line with the large blue can called “Temadur 20”. You can pick any “A” line in the 5:1 side. The lowest one if you are using a small amount of paint and the top line if you want to mix the maximum amount
 - Fill to “B” line with the small silver can called “008 7590”
- Fill to “10%” line on mixing cup with thinners “006 1048”. This is the next line over the “B” line. This is for your first coat i.e. your priming coat
- Mix slowly and thoroughly taking care to mix all the paint in the bottom of the cup too
 - You have 4 hours from the time of mixing to use the paint

Axis Décor – Quick Mix 5L – €4.90
